

Sweet Swing Endorsements and Quotes

"I worked with Coach Kevin on hitting after being 0 for 8 in my season. After working with Coach Kevin, my very next game I went 2 for 3. He helped improve my stance and showed me how to hit inside pitches. He's also just a genuine guy." -Jake, 15

"I was extremely fortunate to get the opportunity to work with Kevin O'Brien in the Cape Cod League. He taught me the fundamentals of hitting and helped me to correct all of the flaws in my swing. I have used the same swing ever since then with more success than I ever imagined.. During my time with the Yankees and Reds, I've worked with some of the best hitting instructors in the game--Lou Pinella, Chris Chambliss, Tony Perez, Davey Johnson and others. I consider Kevin to be as fine hitting instructors as any I've worked with. He should be coaching at the Major League level."

Hal Morris

Former player with Cincinnati Reds and New York Yankees

Current Director of Pro Scouting for Los Angeles Angels of Anaheim

Coach O'Brien has been working with my son for just a few sessions on the fundamentals of hitting, fielding and throwing mechanics. His coaching style is very positive and they connected right away. We have noticed improved confidence and interest in the game as a result.

-Scott Gieselman

I highly recommend Kevin's clinics to anyone who is serious about improving as a baseball player. My sons have attended Kevin's pitching and hitting clinics and his spring training clinic.

Kevin is extremely knowledgeable about the game and is an excellent teacher. In addition, he is fantastic working with kids - he knows how to speak to kids and keep them engaged, and he clearly cares about each student he works with. I have also attended Kevin's coach the coach clinics, which I have found very helpful in my own coaching of little league - I often use drills Kevin has taught me. Kevin has the rare combination of baseball knowledge and the ability to convey that knowledge to players at all skill levels.

Doug Whitaker, Parent

Not sure how often you hear how grateful young players are for your instruction? Daniel has had a terrific season in Triple A ball so far, leads his team in BA and OBP, and we have one of the stronger teams in the league. He has displayed significant improvement in his hitting against stronger pitching than he faced last year. We tell all who will listen about the Sweet Swing Clinic and look forward to returning again next year.

Best Regards,
Peter Mahoney
